

CEWELD SP Cu 99,9%

TYPE	99,9% pure copper metal powder for PTA and Flame Spray applications.
ANWENDUNGEN	Conductive surfaces, corrosion protection, electrical contacts, art applications, condensators etc.
EIGENSCHAFTEN	Excelent wear, corrosion and cavitation resistance in many mediaExcelent electrical conductivityExcelent for heat transfer layers
KLASSIFIKATION	
GEEIGNET FÜR	Electrical contact surfaces, Cunductors, Condensators, heat transfer tubing.
ZULASSUNGEN	
SCHWEISSPOSITIONEN	
(%)	
MECHANISCHE GÜTEWERTE	
RÜCKTROCKNUNG	Not required
GAS ACC. EN ISO 14175
