

CEWELD SP Cu 99,9%

TYPE	99,9% pure copper metal powder for PTA and Flame Spray applications.
TOEPASSINGEN	Conductive surfaces, corrosion protection, electrical contacts, art applications, condensators etc.
EIGENSCHAPPEN	Excelent wear, corrosion and cavitation resistance in many mediaExcelent electrical conductivityExcelent for heat transfer layers
CLASSIFICATIE	
GESCHIKT VOOR	Electrical contact surfaces, Cunductors, Condensators, heat transfer tubing.
GOEDKEURINGEN	
LASPOSITIES	
(%)	
MECHANISCHE WAARDEN	
HERDROGEN	Not required
GAS ACC. EN ISO 14175
